Most medical equipment requires various accessories to function properly. When collecting medical equipment for donation, please make every effort to send necessary cables, transducers, power cords, recorder paper, spare parts, and operator and service manuals. In general, equipment should not be older than 15 years from date of manufacture. Please check the expiration dates for all donated medications and supplies. We are unable to use materials that will expire before 8/08. Prior to shipping, please sort and box/bag supplies in separate containers.)

### **MEDICAL EQUIPMENT:**

**If your healthcare company or organization would like to donate medical equipment to aid the medical staff, please notify us by completing the following form. Although we do appreciate all offers, there will be times when a donation cannot be accepted.**

*If your healthcare company or organization would like to donate medical equipment to aid the medical staff, please notify us by completing the following form. Although we do appreciate all offers, there will be times when a donation cannot be accepted. You will receive a receipt for tax purposes.*
